

Community Engagement

International Paper continues to be a force for good in our communities. We mobilize our people, products and resources to address critical needs in the areas where our employees live and work. With more than 50,000 employees in 21 countries, International Paper embraces the opportunity to enhance the communities in which we operate. We concentrate our efforts on four signature causes, along with important environmental concerns:

EDUCATION

Helping children succeed via a comprehensive approach to education

HUNGER

Improving food security throughout our communities

DISASTER RELIEF

Helping communities prepare for and recover from natural disasters

HEALTH AND WELLNESS

Promoting healthy living habits

OUR PLANET

Promoting the long-term sustainability of natural capital, specifically forests, water and air
